INTERVIEW SUMMARY

Sir:

This paper is herewith filed in response to the Examiner's Interview Summary mailed on June 23, 2008 for the above-captioned U.S. Patent Application. The Applicant's representative reaffirms that a telephone interview was held on Monday, June 23, 2008 with the following attendees: Examiner Jeffrey A. Brier and Applicant's Representative John A. Garrity Registration No. 60,470. The Examiner called the Applicant's representative to discuss claims 13, 14, and 16. More specifically the Examiner called to discuss a perceived inconsistency regarding "a graphical symbol" as applied in claims 13 and 16. The Examiner indicated that otherwise the pending Application may be allowable. During the Interview the Applicant proposed cancelling claim 13 and amending claim 14 to depend from claim 16. The Examiner agreed with the amendments.

Respectfully submitted:

John A. Garrity
